*The Iraqi Nights* Dunya Mikhail 2014-05-27 A stunning new collection by one of Iraq's brightest poetic voices. *The Iraqi Nights* is the third collection by the acclaimed Iraqi poet Dunya Mikhail. Taking *The One Thousand and One Nights* as her central theme, Mikhail personifies the role of Scheherazade the storyteller, saving herself through her tales. The nights are endless, seemingly as dark as war in this haunting collection, seemingly as endless as war. Yet the poet cannot stop dreaming of a future beyond the violence of a place where "every moment / something ordinary / will happen under the sun." Unlike Scheherazade, however, Mikhail is writing, not

to escape death, but to summon the strength to endure. Inhabiting the emotive spaces between Iraq and the U.S., Mikhail infuses those harsh realms with a deep poetic intimacy. The author's vivid illustrations – inspired by Sumerian tablets – are threaded throughout this powerful book.

#1 NEW YORK TIMES  
BESTSELLER • NAACP IMAGE  
AWARD WINNER • A

dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist  
In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from

Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the

inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. **Rückzug** Joachim Ludewig 2012-10-05 The Allied invasion of Normandy on June 6, 1944, marked a critical turning point in the European theater of World War II. The massive landing on France's coast had been meticulously planned for three years, and the Allies anticipated a quick and decisive defeat of the German forces. Many of the planners were surprised, however, by the length of time it ultimately took to defeat the Germans. While much has been written about D-day, very little has been written about the crucial period from August to September, immediately after the invasion. In *Rückzug*, Joachim Ludewig draws on military records from both sides to show that a quick defeat of the Germans was hindered by

excessive caution and a lack of strategic boldness on the part of the Allies, as well as by the Germans' tactical skill and energy. This intriguing study, translated from German, not only examines a significant and often overlooked phase of the war, but also offers a valuable account of the conflict from the perspective of the German forces.

**Scholem, Arendt, Klemperer** Steven E. Aschheim 2001 In recounting how their personal and private selves responded to the public experiences these writers faced, their letters and diaries provide a striking composite portrait. Scholem, a scholar of Jewish mysticism and the spiritual traditions of Judaism; Arendt, a political and social philosopher; and Klemperer, a professor

*Woman Evolve* Sarah Jakes Roberts 2021-04-06 A New York Times bestseller! With life lessons she's learned and new insights from the story of Eve, Sarah Jakes Roberts shows you how past disappointments, struggles, and even mistakes can be used today to help you become the woman God intended. Who would imagine being friends with Eve—the woman who's been held responsible for the fall of humanity (and cramps) for thousands of years? Certainly not Sarah Jakes Roberts. That is, not until Sarah discovered she is more like Eve than she cares to admit. Everyone faces trials, and everyone will mess up. But failure should not be the focus. Your focus should not be on who you were but rather the pursuit of who you can become. In *Woman Evolve*,

Sarah helps you understand that your purpose in life does not change; it evolves. Making her mistake in the Garden of Eden, Eve became the first woman to deal with rebuilding her life in the aftermath of her past. Eve knew better, but she didn't do better. With scriptural lessons, Eve as the framework, and Sarah as your guide you will discover and work through: Past issues and insecurities that haunt you Seeing yourself as God sees you and trusting Him with who you really are How to come out of darkness and pursue a real relationship with God Why it's important to truly care for yourself Setting in motion the beautiful seed that God planted in you Your fears and insecurities may have changed how you viewed God, others, and yourself, but in Woman

Evolve, you can break through and use past mistakes to revolutionize your life. Like Eve, you don't have to live your future defined by your past.

she's about to become the lone unmarried member of her generation in the Tang clan--a disappointment her meddling Chinese-Malaysian family won't let her forget--well, she doesn't need a man to complete her. Yet when a chance encounter with charming, wealthy entrepreneur Eric Deng offers her a glimpse of an exciting, limitless future, Andrea decides to give Mr. Right-for-her-family a chance. Too bad Suresh Aditparan, her office rival and the last man her family would approve of, keeps throwing a wrench in her plans. Now Andrea can't help but wonder: In the endless tug-of-war between pleasing others and pleasing herself, is there room for everyone to win?

investigation of a lethal new drug. Reluctantly, Daunis agrees to go undercover, drawing on her knowledge of chemistry and Ojibwe traditional medicine to track down the source. But the search for truth is more complicated than Daunis imagined, exposing secrets and old scars. At the same time, she grows concerned with an investigation that seems more focused on punishing the offenders than protecting the victims. Now, as the deceptions—and deaths—keep growing, Daunis must learn what it means to be a strong Anishinaabe kwe (Ojibwe woman) and how far she'll go for her community, even if it tears apart the only world she's ever known.

Old Enough to Fight Dan Black 2013-09-18 Between 15,000 and 20,000 underage youths, some as young as ten, signed up

to fight in Canada's armed forces in the First World War. They served in the trenches alongside their elders, and fought in all the major battles: Ypres, the Somme, Passchendaele, Vimy Ridge, and the rest. Many were injured or suffered psychological wounds. Many died. This is the first book to tell their story. Some boys joined up to escape unhappy homes and workplaces. Others went with their parents' blessing, carrying letters from fathers and mothers asking the recruiters to take their eager sons. The romantic notion of a short, victorious campaign was wiped out the second these boys arrived on the Western Front. The authors, who narrate the fighting with both military professionalism and humanity, portray many boys who, in the

Downloaded from  
[www.bluehamphshire.com](http://www.bluehamphshire.com)  
on June 30, 2022 by guest

heat of battle, made a seamless transition from follower to leader to hero. Authors Dan Black and John Boileau combed the archives and collections to bring these stories to life. Passages from letters the boy soldiers wrote home reveal the range of emotions and experiences they underwent, from the humorous to the unspeakably horrible. Their parents' letters touch us with their concern, love, uncertainty, and often, grief. Meticulously researched and abundantly illustrated with photographs, paintings, and a collection of specially commissioned maps, *Old Enough to Fight* is Canadian military and social history at its most fascinating.

**Teaching and Learning in Medical and Surgical Education** Linda H.

Distlehorst 2000-04-01

The idea for this book was originally conceived by Terrill Mast in conversations with Roland Folse. Dr. Mast was dedicated to the belief that all medical teachers should be generalists with skills and knowledge in all aspects of the field.

Before his untimely death, he recruited most of the prestigious contributors to this important new book. This comprehensive volume features a review of the major topics in medical and surgical education by today's leading authorities in the field. The assembled authors represent a "Who's Who" in medical education around the world. Each chapter

Downloaded from

provides a state-of-the-art overview of the topic along with the projected changes most likely to occur over the next decade. A "must-have" for anyone responsible for educating students, residents, and physicians in the medical and surgical fields, this new book addresses the critical medical educational issues of the next millennium, in one, comprehensive volume. *The War Lords and the Gallipoli Disaster* Nicholas A. Lambert 2021 This book, based on comprehensive archival research in official and private papers, offers a new history of the infamous British disaster at Gallipoli in 1915. Contrary to all previous accounts, it shows that the campaign originated not in the search for an alternative to the

Western Front, but in the need to lower the price of bread in Britain.

### **The Midnight Library**

Matt Haig 2020-09-29 The #1 New York Times bestselling WORLDWIDE phenomenon Winner of the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick | Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."—The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of How To Stop Time and The Comfort Book. Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another

book for the other life you could have lived if you had made a different choice at any point in your life. While we all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In *The Midnight Library*, Matt Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the *Midnight Library* to decide what is truly fulfilling in life, and what makes it worth living in the first place.

on June 30, 2022 by guest

well as a terrestrial exploration of the area around Cape Town. After his return to England in 1838, and as a result of his voyage, he was highly esteemed and became Britain's most recognized man of science. In 1847 his southern hemisphere astronomical observations were published as the Cape Results. The main argument of Ruskin's book is that Herschel's voyage and the publication of the Cape Results, in addition to their contemporary scientific importance, were also significant for nineteenth-century culture and politics. In this book it is demonstrated that the reason for Herschel's widespread cultural renown was the popular notion that his voyage to the Cape was a project aligned with the imperial ambitions of

the British government. By leaving England for one of its colonies, and pursuing there a significant scientific project, Herschel was seen in the same light as other British men of science (like James Cook and Richard Lander) who had also undertaken voyages of exploration and discovery at the behest of their nation. It is then demonstrated that the production of the Cape Results, in part because of Herschel's status as Britain's scientific figurehead, was a significant political event. Herschel's decision to journey to the Cape for the purpose of surveying the southern heavens was of great significance to almost all of Britain and much of the continent. It is the purpose of this book to make a case for the scientific, cultural,

and political  
significance of  
Herschel's Cape voyage  
and astronomical  
observations, as a means  
of demonstrating the  
relationship of  
scientific practice to

broader aspects of  
imperial culture and  
politics in the  
nineteenth century.
